Regulation Reminders

Refuse containers are to be stored in the garage or on the side or back of the home. They should be located out of frontal view of the property.

Window A/C units are not allowed unless the central unit is not operating, and then only for a period not to exceed 6 weeks.

Please review the BHHA Design Standards and Guidelines before making any additions or improvements to the exterior of your property.
<http://mybowmanshill.com>.

All additions and improvements require approval from the BHHA *before* you start to work. This includes exterior paint colors, new roof shingle selection, fences and patios to name a few. The purpose of these standards is to keep our community looking uniformly attractive. Email requests to Perry at pshindle@comcast.net.
